

Gatwick's Future Airspace Strategy Implementation - South Airspace Change (ACP-2019-60)

January 2022

Project Progress and Engagement Update

Andy Sinclair – Head of Noise and Airspace Strategy

RECAP - THE AIRSPACE CHANGE PROCESS

- The CAA's airspace change process involves 6 stages (excluding the Post Implementation Review)
- Gatwick has completed Stage 1 and is currently progressing through Stage 2 *Develop and Assess*
- The focus of Step 2A is developing options that address the objective/s identified in stage 1 and align with the defined design principles
- The process includes 4 assessment gateways 3 of which are prior to the public consultation

Update on the Overall Timeline for the Gatwick FASI-South ACP
